ATA DELGATES REPORT:

CA ATA Delegate Steve Cloyd gave a report. He reported that in June the CGSTA membership elected Gary Beer as Delegate and himself (Steve) as the Alternate. However when the ATA reviewed Gary's targets it was noted he was short 300 targets for the 5 years. (Calls to the ATA in the previous fall asking about the state waiver were answered that yes a state could waive the

target requirement, however it was not mentioned that the waiver was for medical reasons.) The ATA recognized Steve Cloyd as the 2020/2021 CA Director. Delegate Cloyd reported he attended the 2020 Grand American Shoot held this year at the Missouri State Trap Club. He attended the delegates meetings and represented CA in the shoot off's, refereeing, for the Grand American. He stated that the states that had to postpone their state shoots due to COVID concerns were given until Nov1, 2020 to complete their shoots. He reported on the numbers of special category shooters, siting that a majority of shooters are category shooters now. He also stated that he would be submitting reports to the Trap & Field for CA and would attend the Western Zone Directors meeting held in Feb during the Spring Grand. The Board thanked Delegate Cloyd for his report.

NEW OR REPLACEMENT DIRECTORS:

From the Central: Doug Goodloe was recommended to be appointed to a position on the Central Zone

From South: Greg Adjian, Hadi Bouayach, and Jon Slinker were recommended to positions on the Southern Zone.

From the North: No nominations were heard.

Each of the new recommended directors introduced themselves and spoke briefly about what they hoped to bring to the board for the upcoming year. A voice vote approved all new directors.

OLD BUSINESS:

State Shoot Recap: Secretary Hughes provided the state shoot numbers to the board. During this presentation a question arose as to a \$50.00 shortage notice to the CGSTA from the ATA. Secretary Hughes said yes the CGSTA received a notice from the ATA, explained it was a \$20.00 membership fee that had not been collected and a \$30.00 fee that had not been collected for a Trap & Field subscription on a membership form. (please note this was not an intentional shortage) This notice was paid to the ATA from the CGSTA. The question also arose as to the number of targets and daily fees that were charged. Secretary Hughes tried to explain to the questioning party but some confusion still remained. Secretary Hughes told the asking party she would sit down after the meeting and go over the Shoot Report with him and also would have a report typed up for the next meeting detailing how daily fees and event entries were figured. As for the number of targets thrown the total was correct.

NEW BUSINESS:

A matter was brought to the floor concerning some shooters from Ventura County wanting the Ventura County to be moved out of the Central Zone and added to the Southern Zone. Much discussion ensued over this matter. The asking party stated that some shooters that lived in Ventura County were closer to clubs in the southern zone than in the Central zone and for the zone shoot would like to not have to drive so far for the zone shoots. Discussion continued with the precedence of the Northern Zone wanting to remove Merced County out of the Central and into the Northern Zone some years ago. It was pointed out that this was denied and noted that yes some shooters might happen to live closer to a club in another zone while residing in a different zone. It was also pointed out that the bid to move Merced county failed. It was brought up that this would only affect 8 shooters, however another side of that statement insisted that it affected a whole county and future shooters not just 8. This matter was tabled for another meeting.

Committees for 2020/2021 shoot year were set and announced by the president.
