PRESIDENT'S MESSAGE

On behalf of the California Golden State Trapshooting Association, it is my pleasure to invite you to the 113th California ATA State Shoot at the beautiful Kingsburg Gun Club. We are delighted to have you join us for a few days where we can get together and celebrate tradition, skill, camaraderie, and sportsmanship.

This annual gathering is a highlight for our community, bringing together experienced shooters, first-time participants, supporters, and friends who share an appreciation for the discipline and fellowship that trap shooting represents. Whether you are competing, volunteering, or cheering from the sidelines, your presence helps make this event truly special.

Beyond the competition itself, this week is about connection - strengthening relationships, honoring longstanding traditions, and creating new memories. We are especially grateful to our sponsors and volunteers whose generosity and dedication make this event possible year after year. Your support plays a critical role in ensuring a safe, well-organized, and enjoyable experience for everyone involved.

As you take part in this week's activities, I encourage you to enjoy the spirit of friendly competition, uphold the highest standards of safety, and take time to appreciate the shared passion that brings us all together. Events like this remind us that our strongest achievements come not only from individual performance, but from the community we build together.

Thank you for being part of this year's event. I wish you clear skies, steady aim, and a rewarding week both on and off the range.

Good Luck Shooters !!

Annette Spiteri

2025-2026 CGSTA President

Welcome from the Kingsburg Gun Club

The Kingsburg Gun Club Board of Directors and membership are delighted to welcome you to our club for the 60th time for the 2026 CGSTA State Shoot. We extend a warm welcome to all shooters and their families to the 113th California State Shoot, and we look forward to hosting this event in affiliation with the CGSTA. Our members have worked diligently over the past months to prepare and enhance the grounds for this occasion. These enhancements were made with our shooters in mind, aiming to provide a better experience for returning participants and to attract new shooters. The club is investing significant resources and effort into these improvements, and we appreciate your support and promotion of our club to ensure its continued success and growth.

Both the Kingsburg Gun Club and the local community benefit greatly from the revenue generated by the shoot. We encourage you to take advantage of our services and those offered by the local communities and surrounding areas. Your support is greatly appreciated.

The Kingsburg Gun Club offers self-contained camping spaces exclusively for ATA members and shoot participants. These spaces are available on a first-come, first-served basis and are subject to daily camping fees. For safety reasons, motorcycles, mopeds, motor scooters, ATV, UTV and golf carts are not permitted on the club grounds, except for those used by shoot personnel. Additionally, boats and personal watercraft are not allowed on the launch ramp or in the beach area during the shoot.

While we are animal lovers, we respectfully request that you leave your pets at home. If you must bring your pets and are participating in the shoot or camping on the grounds, you will be restricted to the east end of the grounds near E bank with your pets. Dogs are not allowed anywhere on the grounds west of E bank.

A strict 10pm curfew for minors will be enforced. Minors found wandering the grounds after 10pm, along with their parents, may lose their camping privileges and be asked to leave the grounds at the club's discretion.

The Kingsburg Gun Club reserves the right to ask any shooter, vendor, camper, or members of their party to leave the grounds for any reason deemed necessary by shoot management.

Shotgun shells and other shooting supplies will be available on the grounds, and we ask that you patronize our vendors during your visit. No other shells may be sold on the club grounds. Anyone caught selling or delivering shells on the club grounds will be asked to leave.

The Kingsburg Gun Club and the CGSTA welcome you once again and hope you have a safe, fun, and enjoyable time at the 113th California State Shoot.

Sincerely,

Elliott Rossotti, President KGC

All ties in events 1,2,3,4,5 & 6 will be handled by carry over to next like event. The only exception will be in handicap if a score causes a change in yardage for one of the people involved in the tie. In the event of another “tie” after the carryover to the next like event the carry over will continue to the follow like event. All ties and carry overs will be “cleaned up” Friday June 26th.

SHOOT-OFFS

Contestants will be called: First Call, Second Call and Final Call for all shoot-offs. The Final Call will be made 10 minutes after the First Call. All shoot-off contestants must check in at the shoot-off table, The location of the shoot off table will be announced prior to shoot offs. Contestants not checking in at the shoot-off table within 5 minutes of the Final Call will forfeit their opportunity to compete for the trophy in question.

The Shoot-Off sheet will indicate the trophy(s) for decision. No other trophy decision will be part of the shoot-off unless it is indicated on the sheet prior to the beginning of the shoot-off.

CGSTA will make every attempt to have shoot-offs held before darkness or under the lights the same day the event was completed.

Violation of the ATA rule on Alcohol and drug use will disqualify the contestant from participate in the shoot-off. Refer to the ATA Official Rules book dated September 1 2025. See page 41, XII, B, 2;a and page 15, IV,I, 8.

TROPHIES

No shooter may win more than one (1) ATA trophy in the same event. This means a contestant may not win both Champion and runner-up/place, class, yardage, or special category.

Special category shooters may declare only one Category – Lady I, Lady II, Junior Gold, Sub Junior, Junior, Sub Veteran, Veteran or Sr. Veteran, ChairShooter.

Any shooter who is tied for event champion may shoot for the Championship trophy. If a shooter fails in the Champion Trophy shoot-off and has declared a special category, the shooter will fall back to category.

Any shooter who has declared a special category and whose score qualifies him/her for a trophy in that category will compete for the category trophy and not for place, class or yardage group.

Any shooter who has declared a special category and whose score doesn't qualify for a trophy in that category may compete for place, class or yardage group.

See Official ATA Rules dated September 1, 2025, Rule X, D; pg34-35.

PURSES AND OPTIONS

High Gun System: This is a winner(s) take all system where the shooters playing the purse with the highest score(s) divide the pot. If, for example, the purse money division is 40%-30%-20%-10% High Gun and there are two 100s and three 99s, the two 100s will receive 35% each (1/2 of the 40% +30%) and the three 99s will receive 10% each (1/3 of the 20%+10%).

Lewis Class: Other than the high score(s), the other winners in this purse are primarily a matter of chance (luck). When the event is completed, the scores of all participants are listed from highest to lowest and then they are divided into as many groups as there are classes. If a dividing line splits a score, that score goes to the group in which the majority reside, to the lower in case evenly split. At that point, each class allocates its (even) share of the total entry percentage system within the class.

Percentage System: This option is based on a fixed number of scores. For example, if the allocation is 50%-30%-20% Percentage system, then all participating shooters shooting the high score will split 50%, all participants shooting the second high score will split 30% and all participating shooters with the third high score will split the 20% share.

Federal Tax Law requires the issuance of 1099 Misc. on winnings over \$600. All shooters that play options at the 2026 state shoot will be required to supply their SS number in the event they are due a 1099 for winning over \$600.00.

The gun is pointed horizontally. The correct speed for a singles and handicap target is a minimum of 42 MPH, maximum 43 44 MPH. The correct speed for the right target of a doubles pair must be a minimum of 39 MPH, maximum of 40 41 MPH. A chronograph is to be used as close to the trap as practical and tipped up at approximately the same angle as the height of the target.

Field Supervisors (Line Referees) are the only individuals authorized to allow resetting of targets. ***Targets shall only be reset if they become illegal or appreciably vary from the legal targets described above. The final decision as to whether a trap is to be reset shall be made by the Line Referees.***

Dan Bonillas
1990 California Trapshooting Hall of Fame inductee
1947-2025

Dan Bonillas began his trapshooting career in 1967 at the age of 20 at the Los Banos Sportsman's Club in the northwest corner of the San Joaquin Valley. A hardworking student, he was encouraged by friends who were competing in the local trap league. Dan eagerly joined them, and in that same year, the 1967 PITA yearbook recorded his debut with 250 registered targets to his name.

Five years later, he earned a spot on the ATA All-American team for the first time. He maintained his position on the team for the next 22 years, serving as Captain in 1980 and 1983, and as Co-captain in 1975, 1978-79 and 1981. After winning for the first time at the 1972 Grand American in Vandalia, Ohio, Dan went on to amass an incredible collection of honors: 56 Grand American trophies; 30 Golden West Grand awards (more than any other shooter at the time of his ATA Trapshooting Hall of Fame induction in

1994); 41 California State championships; 13 Western Zone honors; 4 Spring Grand titles and many other trophies too numerous to list.

Dan set multiple national records in the Grand American High Overall and High All-Around contests. For 18 consecutive years, he led the nation in high averages with scores so dominant that many remained unbroken for decades. Among his most remarkable achievements was a run of 1,600 straight singles in 1975 -- a record that remained unbeaten until 1988. In that same year, he became the first shooter in Grand American history to post a perfect score from the "back fence" (the 27-yard line). At the 1974 California State Shoot, he broke 100 straight in doubles, the first entry in the "Golden State Record Books." He later extended his doubles prowess with a long run of 361 targets in 1979. From the 27-yard line in handicap, he recorded a streak of 275 straight in 1988, and in 1992, he accomplished one of the greatest feats in trapshooting history by going 500 straight in a 500-target doubles marathon.

His impressive shooting caught the attention of Signor Daniele Perazzi, who invited Dan to his workshop in Italy to assist in designing a new shotgun. The result was the *Perazzi DB 81*, named after Dan Bonillas. Dan and Daniele continued a long and successful partnership of marketing fine Perazzi firearms. For many years, especially at the Grand American tournaments, Dan could be found in the Perazzi vendor building, assisting veteran and aspiring Perazzi shooters.

Traveling to gun clubs across the country gave Dan the opportunity to meet many shooters, several of whom became regular squadmates and lifelong friends. Steve Carmichael, who first squadded with Dan at the Grand American in 1973, recalled: "*Dan brought out the best in you. There was a very good chance that if you beat him, you likely won the event. I witnessed some extraordinary feats while shooting with him, usually during the foulest of weather. Like myself, Dan grew up hunting and was conditioned to the challenges of being outdoors in the fall and winter.*"

During the 1979 Spring Grand in Phoenix, Dan broke 100 in both the prelim and main doubles races. From there we went directly to Bob Taylor's 100 Grand in Las Vegas. When we arrived, it was cold and the wind was howling -- lefts were climbing crazy-high and rights were dipping towards the ground. Scorekeepers couldn't hear, which resulted in fast pulls (no voice release systems were available for another 20 years).

The opening event was 100 pairs of doubles. With his long string of doubles ongoing, he never considered not shooting.

Dan broke all the first 100 like the wind didn't even exist. I can't recall exactly where he missed in the second hundred but a new long-run doubles record was set at 361. There were many great shooters during this era, but only one that could be referred to as the greatest. I rest my case."

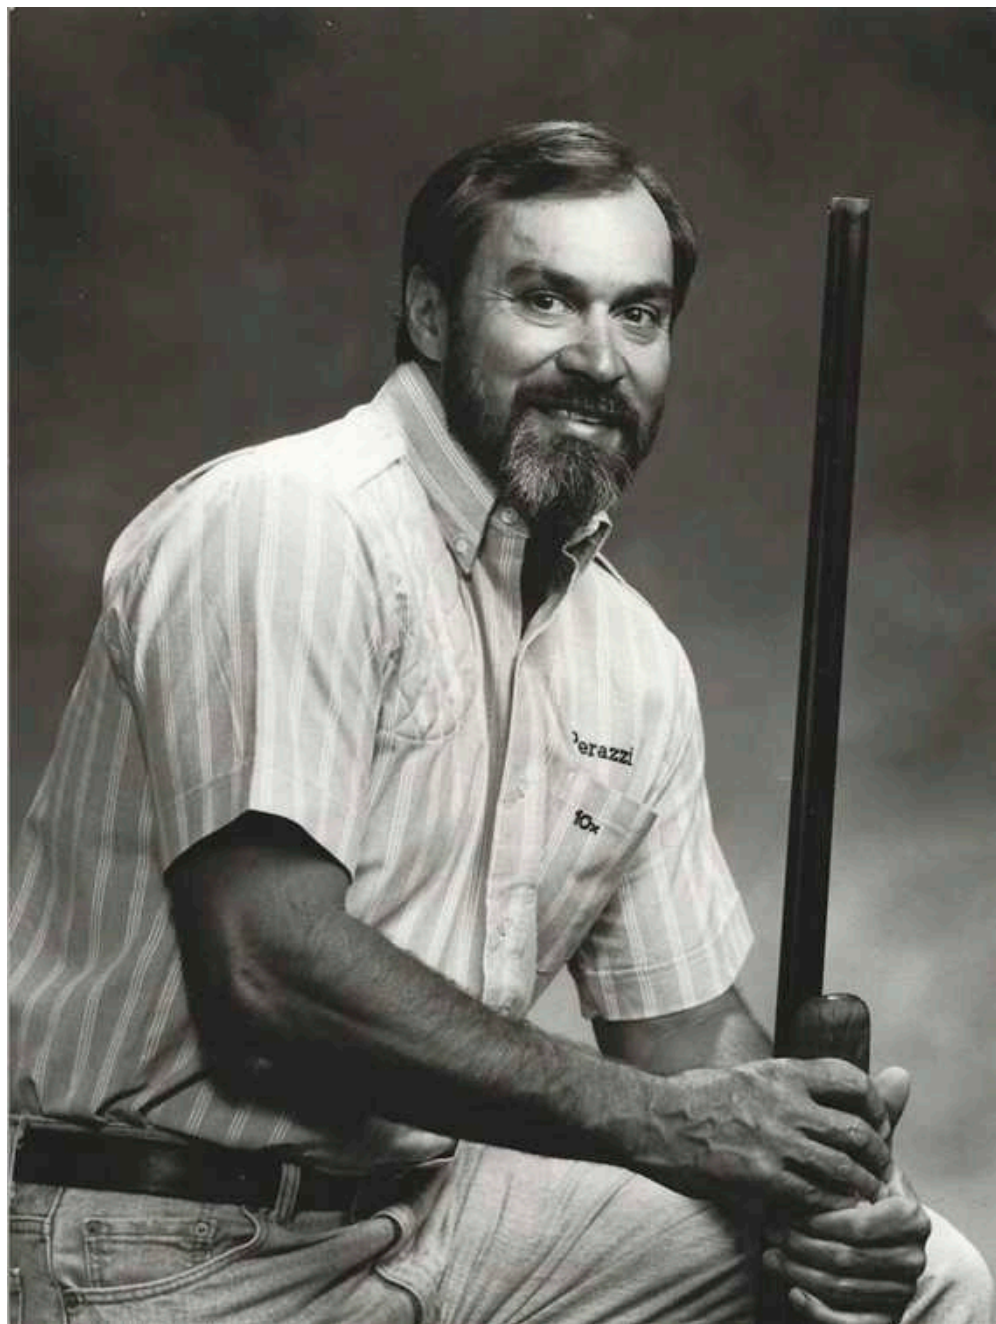

Jimmy Heller, a 1999 California Hall of Fame inductee and friend, first saw Dan shoot in the late 1960s. From Heller's first recollection of Dan and "who he was to trapshooting," Jimmy saw that Dan set goals for everybody else to try and accomplish. He noted, "*Dan-the-Man*" was the standard everyone else chased. A great friendship grew and in 1991, Jimmy accompanied Dan, Ray Stafford and Britt Robinson on a trip to the Perazzi plant in Italy to assist developing the MX8 (later renamed MX10). Jimmy recalls, "*I was very fortunate to shoot with Dan over the years. When Dan won every California Championship (except for the handicap) he had to shoot off, using a microphone voice box. He called 45 times to get 25 targets. All the odds were against him, but he persevered and got them all. It was amazing to be a witness to his shooting ability.*"

Shooting came naturally to Dan, who was a talented quarterback at Los Banos High School. He played at Taft College, where his team won two junior college national championships, before accepting a scholarship to play at San Jose State University.

Dan Bonillas passed away on October 17, 2025. While trapshooters across the country will miss him greatly, his loss is felt most deeply by his family. He leaves behind a legacy as one of the greatest competitors in the history of the sport. His numerous contributions to trapshooting and the California Trapshooting Hall of Fame will continue to be appreciated and remembered for generations. He will live on in the hearts of those who knew him and in the pages of trapshooting history books.

AVAILABLE ON EVENTS 7 & 8.

Each option played is an entry into the shoot off drawing. For example: 2 events have the option, and the shooter plays the option on 2 events, they will have 2 entries into the drawing for the shootout.

**Shooters must select and pay for the \$10.00 option,
prior to the start of the event.**

At the end of the last event having the option, 20 qualifying participants names will be randomly drawn for the shootout. You must be in attendance to participate in the shootout. Please make sure to stick around and listen for your name to be announced.

Each entry from playing the option is only good for the drawing and shootout that day. Shootout participants will shoot TWO (2) targets at each post for a total of ten (10) targets from the shooter's Official yardage (yardage as of that day). Shoot off rounds will consist of ten (10) targets. Shoot off rounds will continue until a winner and second place are determined.
